

Feel more prepared for appointments and changing care needs

For older people and those who support them.

Care65 is a preparation app that helps you remember what matters, keep track of changes and prepare a clear Care Summary.

What you can do

- Work through a Head-to-Toe Check-In
- Keep conditions and medications together
- Record falls, hospital stays and other changes
- Choose a one-month view for an easy review
- Prepare your Care Summary when you need it

Use it your way

Use Care65 as a prompt during a call, appointment or assessment. Sharing your complete Care Summary PDF is optional.

Your information

Information stays on your device unless you choose to export, back up or share it. Lehadii does not collect, view or store what you enter.
